<sup>1</sup>  
18h10 Discussion

<sub>6</sub>  
18h30 Cocktail

18h30 Cocktail

Friday 4<sup>th</sup> December 2015

08h30 Welcome Coffee

 Models per discipline: from history to innovation

a. Neurophysiology (chair: Jean-Claude Dupont)

09h00	The neuron	Michel Imbert
09h20	The glial cell	Yves Agid
09h40	The Alfred Fessard School	Jean-Gaël Barbara
10h00	Discussion	
10h20	Coffee break	

b. Cognitive sciences (chair: Michel Imbert)

10h35	History of cognitive sciences	François Clarac
11h05	Biology of reading: 150 years of history	Laurent Cohen
11h30	Alan Turing, visionary of the artificial intelligence	Jean-Gabriel Ganascia
11h50	Discussion	

c. Psychiatry (chair: Anne Fagot -Largeault)

12h00	History notes on psychiatry	Jean-Pierre Olié
12h30	Schizophrenia	Raphael Gaillard
12h50	Lunch Break	
13h00	Depression	Philippe Fossati
13h20	Research in Psychiatry	Roland Jouvent
14h00	Discussion	

d. Neurodegeneration (chair: Christopher Goetz)

14h20	History notes on Neurodegeneration	Laura Bossi
14h50	Alzheimer's disease	Bruno Dubois
15h15	Parkinson's disease	Jean Claude Dupont
15h40	Discussion	
16h00	Coffee break	

e. Examples of neuropsychiatric disorders (chair: Jean-Pierre Olié)

16h15	Autism, between neurology and psychiatry	Anne Fagot- Largeault
16h40	Tourette syndrome	Céline Chérici
17h00	Unpublished archives of Gilles de la Tourette	Olivier Walusinski
17h20	Discussion	

  	17h35 <u>Panel Discussion - Conclusion and perspectives</u>	(chair: Yves Agid)  Claude Debru  Anne Fagot- Largeault  Christopher Goetz  Jean Claude Dupont  Jean Pierre Olié
---	---	---

18h30 End of the seminar

### **Organising Committee**

Yves Agid, ICM, CHU Pitié-Salpêtrière, Paris  
Jean-Gaël Barbara, CNRS, SPHERE, Paris  
Laura Bossi, SPHERE, Paris  
Céline Chérici, Université de Picardie, Amiens  
Jean-Claude Dupont, Université de Picardie, Amiens

### **Chairmen and Speakers**

Yves Agid, ICM, CHU Pitié-Salpêtrière, Paris  
Jean-Gaël Barbara, CNRS, SPHERE, Paris  
Laura Bossi, SPHERE, Paris  
Céline Chérici, Université de Picardie, Amiens  
François Clarac, CNRS, Université Aix-Marseille, Marseille  
Laurent Cohen, ICM, CHU Pitié-Salpêtrière, Paris  
Claude Debru, Académie des Sciences, Paris  
Bruno Dubois, ICM, CHU Pitié-Salpêtrière, Paris  
Jean-Claude Dupont, Université de Picardie, Amiens  
Anne Fagot-Largeault, Collège de France, Paris  
Michel Fardeau, Institut de Myologie, CHU Pitié-Salpêtrière, Paris  
Philippe Fossati, ICM, CHU Pitié-Salpêtrière, Paris  
Raphaël Gaillard, Centre Hospitalier Sainte Anne, Paris  
Jean Gabriel Ganascia, Université Paris VI, Paris  
Christopher Goetz, Rush University, Chicago, USA  
Michel Imbert, École Normale Supérieure, Paris  
Roland Jouvent, CHU Pitié-Salpêtrière, Paris  
Lorenzo Lorusso, FENS, M. Mellini Hôpital, Chiari, Italie  
Jean-Pierre Olié, Centre Hospitalier Sainte Anne, Paris  
Jacques Poirier, CHU Pitié-Salpêtrière, Paris  
Olivier Walusinski, Médecin et historien, Brou
